# WHO WE ARE

## 4am

Group is a conglomerate comprising of 7 different companies that ventures into different aspect of business activities. As a multi-dimensional group of companies, we have developed expertise and experience in all the fields wherein we operate. The Group was founded in 2002 with 3 staff but has now evolved to employ over 2,000 staff for the smooth operations of the different activities of the group of companies. Our offices are located in different cities and countries including Mumbai (India), Dammam (Saudi Arabia), Dubai (UAE), Silicon Valley and New York (USA), Liverpool (UK), and other locations.

The Group started business as a general trading company with the world's foremost oil giant, Saudi Aramco. After establishing itself in the oil and gas sector, the Group ventured into other businesses which are notable around the world.

We are committed to breathing new life into all the sectors and markets we serve, bringing high value to our clients and customers while we maintain a competitive advantage over other similar companies through innovation and the capability of our team members. With the resources available at our disposal, our reach, and our marketing potential, the Group will take the leadership position in manufacturing, production, general trading, and other sectors we operate in.

## our vision

To become a globally recognized Group of companies in terms of quality and client/customer satisfaction in all the markets we serve, achieving economic success and continuous growth while maintaining standard practices.

## our mission

To provide sustainable and increasing value to clients, partners, and employees through a business model that continually innovates to stay ahead in all business sectors.

# Our Core Values

### Professionalism

We practice professionalism at 4am Group, adopting high ethical and moral standards. Our commitment to professionalism ensures that we follow the best practices throughout our companies, leaving no room for compromise.

### Excellence

Excellence is what we seek to achieve across all the services we provide. We will not relent our efforts until we achieve excellence, leading to client satisfaction and continued patronage.

### Solution

Each company in the Group is committed to providing solution-oriented services and products. We are motivated by our continuous efforts in providing the best solution for clients.

### Innovation

We value innovation in our drive to retain our leadership position across all industries. We continue to integrate the latest innovations into all aspects of our operations and services for effective performance, quality products, and better productivity.

# WHAT WE DO?

**4am** Group is a multi-faceted and multi-dimensional company with expertise and capacity to function at the topmost level. With a presence in major cities across the world and over 2000 employees, the Group continues to grow and diversify its portfolio across various industries.

We have become a leader in every area of our operations through a continuous commitment to the best industrial practices and the delivery of products and services that exceeds the expectations of clients. Our Group strives to maintain a culture of quality management, ensuring quality in every stage of what we do, complying with international quality standards to give our clients and customers the best. As a large conglomerate, each company under the 4am Group provides different products and services such as real estate, general trading, manufacturing, software development, etc. leveraging innovation to achieve utmost client satisfaction.

Founded by Mr. Arif Mohammad, our leadership structure is well organized and integrated for sustainable performance and effective coordination of all business activities. 4am Group will maximize the latest technologies to meet the current demands of clients and build a business dynasty with a track record of excellent products and services.

# SUB COMP ANIES
